

AN INTRODUCTION TO Creative Event Solutions

ABOUT CREATIVE EVENT SOLUTIONS

Creative Event Solutions main focus is to provide national brands with a new platform of fresh innovative product lines.

We specialize in offering brand and event managers as well as marketing teams a platform to launch fresh and exciting ideas to their respective clients.

All our products focus on:

- Low logistics
- Simple and easy assembly
- High visual impact both inside and out
- Light weight and very easily transportable
- Incredible quality
- International certification of the highest norms and standards
- Modular design enabling various sizes to connect seamlessly
- Unique “zip-in zip-out” interchangeable branding
- Rapid assembly and dismantling leading to massive savings to the client

X-GLOO² INFLATABLE EVENT STRUCTURE

PRODUCT FEATURES:

- Able to withstand wind speeds of up to 60km/h
- Fully waterproof
- Interchangeable elements allowing branding/media changes
- Does not require constant air inflation once inflated
- Over inflation valves
- Highly UV Resistant
- Easily transportable
- Fully encloses
- Able to connect multiple X-GLOO's, offering you scalability options to fit every need
- Quick and easy to set up
- Maximum versatility and convenience with our “zip-in zip-out” branding
- Full digital printing

CREATIVE STRUCTURES

PRODUCT FEATURES:

- Each product is identified by our own unique style and design identity – smooth round shapes and a robust tubular structure. By using 6082T6 aluminum, the tubes are lightweight but as strong as steel
- Full TUV certification makes sign off simple and with the correct ballast or anchoring
- 100km per hour wind resistance is possible
- We offer the ability to personalize the products. Both the covers and walls can be digitally printed in high resolution and the frame tubes can be coated or anodized. Structures can be lit by using LED lights
- The fast and simple construction and low transport volume make the products economically and environmentally sound.
- No unsightly anchor lines
- All products are modular so they can be connected endlessly and large areas can be covered allowing beautiful shapes from the same products
- With over 1000sqm available for rental we are able to provide a professional setup anywhere in South Africa.
- Thanks to the simple ease of setup, we only require a 2 or 4 man team leading to further cost savings to the client
- Airtex material allows beautiful light filtration at night and Honeycomb specialist vinyl designed for the fabric allows branding on the structure

CREATIVE ELEMENTS

PRODUCT FEATURES:

- The modular system allows a set to be decreased by a factor of 7 during storage and transport. 80 cm x 120cm delivering 20 seats
- Tailored to meet our customers personal taste in contemporary wood composite, exclusive coconut wood and fully branded on request
- Ideal for both private and residential use
- Can be installed permanently or temporary, inside or outside
- Available now for rental or straight out purchase in both the lounge suites set or a U-bar

FLUX FOLDABLE FURNITURE

PRODUCT FEATURES:

- FLUX award winning folding premium furniture allows rapid set up and strike without the need for major transport and logistics.
- Branded or embossed bars, coffee tables and chairs
- Flat pack
- One man setup
- Rapid installation
- LED lit up advantage
- Comes in various product lines and ideal for client moving their activation rapidly and around the country
- Incredibly strong

FUGU INFLATABLE FURNITURE

PRODUCT FEATURES:

- FUGU® manufactures inflatable furniture that can be customized and illuminated for your events with full printed branding - “zip-in zip-out”
- Ensure the wow effect with inflatable furniture for your events
- Easy to carry, set-up and store
- Our products combine simplicity, quality and design
- Save-transport and handling fees
- Differentiate yourself
- Illuminate your audience
- Hot and cold resistant
- LED lighting option
- Cigarette proof
- 100% customizable

RADTRAX

PRODUCT FEATURES:

- Radtrax has been built from the ground up taking sponsors and branding into account by providing great exposure for advertising banners as well as flag options on track.
- With branding placed directly on the product it creates a great synergy for sponsors, participants, the public and the target market similar to ball sports taking place in enclosed arena.
- Perfect platform for competitive events and recreational riders to attract greater numbers at festivals or sporting events. A great training tool for rider development programs, coaches can eliminate bad habits within the first few weeks of riding reducing injuries and developing superior technical skills.

TRADITIONAL FURNITURE RENTALS

With over 220,000 pieces of traditional furniture and equipment CORE EVENT STRUCTURES can provide you with furniture for a small function or world class events to host hundreds of people. From fridges to fans, tables or chairs or custom sprayed and recovered, we will ensure your needs are met. Our furniture is kept in absolute top shape, cleaned, repaired if needed and return wrapped to our client in any part of the country. Simply request our detailed brochure and pricing guide and we will be more than happy to supply your event with all your needs.
